Dry Hill Ski Area

2022 -2023 Season Pass Holders

ACKNOWLEDGEMENT AND ACCEPTANCE OF THE INHERENT RISKS OF SKIING

Skiing, (including snowboarding, snowblading, monoskiing, skiboarding, snowtubing, and all other recreational activities on a ski slope) is a strictly voluntary activity that may be hazardous regardless of all safety measures that may be undertaken by ski area operators. There are inherent and other risks of the sport that can not be reduced or eliminated, including but not limited to injury or death due to uneven surface and chairlift loading and unloading stations, brush, forrest growth, and rocks: collisions with other skiers and users of ski slope, natural and man-made objects including but not limited to trees, rocks, fences, buildings, snowmaking equipment, hydrants, grooming equipment, ski racks, barriers, signs, ski lift equipment and towers. I fully understand and recognize these risks and accept them as a condition of using my season pass and the facilities of Dry Hill Ski Area.
